

My people, you need to learn to receive from me. Some of you are experiencing so little of what I want to give you. I am giving but you are not receiving. Oh my people, why do you take so little from me? Learn to receive, learn to ask, learn to expect. You limit what I can do for you when you do not come to me. You have not because you ask not, and some of you do not receive because you do not really expect me to answer. My answer is on the way and you give up. Did I not say ask and it will be given to you, seek and you will find? Ask and keep on asking, the answer will come. Don't give up. Not one person who ever comes to me do I send away empty handed. You will receive your harvest, first the grain, then the ear, then the full corn, but it will come as long as you don't give up.

There are some of you who would be shaken today, who would doubt my love, doubt my provision but I am ever faithful to you. Don't be discouraged, don't give up. There are breakthroughs for all sorts of situations on the way. There are provisions and blessings and, yes, even healings on the way as long as you don't give up. The only person who can stop it is you. Fix your eyes on Jesus, the author and perfecter of your faith and he will strengthen and help you. If your faith is not enough he will supply you with more; if you are confused he will be your light; if you have fallen he will lift you up. If you fear he will be your peace and if you are weak he will be your strength. Jesus in his great love for you has supplied all you need and his supply is far greater than any problem or any need or any enemy or any lack. All of his goodness and favour and ability are on your side. So look to him, look to what he has done for you, and as that gets bigger in your mind so your needs and problems will get smaller and they will be met. It is your choice my children, I am providing but will you come and receive, will you trust, will you think well of me? Or will you give up, reject my provision and make Christ of no effect to you? I have set before you life and death, that is how serious it is. Choose life, come to me, let me love you and I will give you abundantly above all you can ask or think.
